INFORMATION REQUEST

Landscape Assessment

1. Batter treatment

Officers note that there is no indicative treatment to the batters proposed along both the Southern and Eastern boundary property lines. Landscape assessment request further information showing cross sections and the like that identify the treatment to this area.

2. Planting to carpark areas

Planting to the eastern side of car parking has been removed and is now proposed as 'compacted blue rock / road base to retaining wall (or similar approved)'. To protect the amenity, officers request to reinstate planting to this area as per the original application (Council ref. OPW/2024/734) or alternatively, request reasoning for the removal of the planting to this area.

Advice Note

The applicant is advised that should Council give further advice about the application (in accordance with s35 of the DA Rules) to resolve outstanding items not adequately addressed within the information request response, the applicant will be requested to complete a 'Notice to Stop the Current Period' for the above-mentioned application until the items within the further advice are adequately addressed. Alternatively, the applicant may choose to provide a reasonable extension to the Decision period, as advised by the Assessment manager. If the applicant does not stop the Current Period or provide a reasonable extension to the Decision period, Council officers will proceed with assessing and deciding the application based on the information provided in the information request response, which could result in an unfavourable recommendation by Council officers.
