Dear Sirs / Madams

Request to make a Minor Change Application for Approval COM/2019/82 | 18 Calli Avenue, Upper Coomera | Lot 142 on SP313554

Pursuant to Section 78 of the *Planning Act 2016* we submit a request for a Minor Change Application to approval COM/2019/82 for Council's consideration. The landowner proposes to make a change to the conditions and approved plans of the most recent approval for there to be allowance for the construction of retaining walls for the purpose of a new dwelling house at 18 Calli Avenue, Upper Coomera formally identified as Lot 142 on SP313554 which is not considered to be Generally in Accordance with the approval conditions of COM/2019/82 for 79-99 Courtney Drive, Upper Coomera.

Proposed Development Site at 18 Calli Avenue, Upper Coomera – Nearmaps (22nd December 2024)

This proposal is requesting to make a variation to the approved conditions set by the initial combined application, COM/2019/82. As per the proposal plans a new two storey dwelling house is to be constructed on the site which includes five bedrooms (including guest), three-bathroom, open plan living/kitchen/dining, addition two living spaces, attached double garage and outdoor living spaces. Externally, the façade is to be finished with vertical weatherboard cladding on the upper storey, on the ground storey the façade is to contain rendered brickwork and face brick work on the side and rear elevations. The roof form will consist of a multi hipped shape over the core and street addressing dutch gable over the front porch with colourbond steel at a pitch of 22.5 degrees.

Proposed Development Site Plan – Plantation Homes (3rd November 2024)

Further, as per the notes provided on the site plan above, retaining walls are proposed which have a height of 1400mm and are to be RPEQ Certified and constructed using concrete sleeps, dark grey in colour. These walls are not in accordance with the Retaining Wall Plan by Zone approved as part of COM/2019/82 and are the purpose of this application.

Approved Retaining Wall Plan for Stage 1 – Zone Landscape Architecture (3rd December 2020)

Requested Changes:

This requested change is to the Approved Plans/ Documents listed in Condition 22 to read as per the below.

22. Retaining Walls on Private Land

a. Retaining Walls on private land must be of concrete sleep construction and generally comply with the heights, locations and tiering extent included in the drawings listed below:

Drawing Title	Author	Date	Drawing No.	Version.
<i>Retaining Wall Heights</i>	<i>Zone</i>	<i>03.12.20</i>	<i>L19124 – A101 to A105; sheets 1-5</i>	<i>C</i>
<i>Lot 145 Proposed Site Plan with Retaining Walls</i>	<i>Plantation Homes</i>	<i>28.09.2024</i>	<i>9716-AHH</i>	<i>Revision 04</i>
<i>Lot 143 Proposed Site Plan with Retaining Walls</i>	<i>Plantation Homes</i>	<i>16.12.2024</i>	<i>9716-HAS</i>	<i>Revision 08</i>
Lot 142 Proposed Site Plan with Retaining Walls	Plantation Homes	03.11.2024	9716-WGO	Revision 10

b. Concrete sleeper retaining walls that face a public street must be a dark grey colour (standard/plain unfinished concrete colour is not acceptable) and have a split face, stone or wood pattern finish (unless otherwise approved by Council). These requirements also apply to the upper eastern facing retaining wall on lot 119,120 and 121.

c. Concrete sleeper retaining walls along the rear boundary of Lot 110-118 must be a dark grey colour (standard/plain unfinished concrete colour is not acceptable) and have a split face, stone or wood pattern finish (unless otherwise approved by Council).

d. all other concrete sleep retaining walls must have a dark grey colour (standard/plain unfinished concrete colour is not acceptable)

e. tiered retaining walls must have a minimum bench width of 1m, measured from the face of the lower retaining wall to the face of the upper retaining wall.

f. Footings of the single tiered retaining wall must be setback a minimum 0.2 meters from the property boundary as required by the land Development Guidelines (LDG) of City Plan (unless otherwise required for landscape treatments).

Justification:

The proposed works are determined to be generally in accordance with the development which was approved in 2023 and does not result in development which would be considered not Minor or substantially different. This has been detailed below in the applicable tests.

Assessment of Proposed Development against criteria for Minor Charge Definition	
For a Development Approval -	
i. does not result in substantially different development; and	Complies The proposal is requesting that the combined approval be amended to allow the retaining of walls as per the proposal plans to allow for the construction of the intended Dwelling House. The approval proposed to be amended is for a residential subdivision, this change does not impact or vary that.
if the application, including the change, were made when the change is made—would not cause	
A. the inclusion of prohibited development in the application; or	Complies The proposed change does not result in development which would be considered prohibited under Local or State Planning Provisions.
B. referral to a referral agency if there were no referral agencies for the development application; or	Complies The proposed development does not require referral to any SARA or non-SARA agencies.
C. referral to extra referral agencies; or	Complies No new referral agencies.
D. a referral agency, in assessing the application under section 55(2), to assess the application against, or have regard to, a matter, other than a matter the referral agency must have assessed the application against, or had regard to, when the application was made; or	Complies No referral required.
E. public notification if public notification was not required for the development application; or	Complies The proposal does not trigger impact assessment, no Public Notification required.
Assessment of Proposed Development against criteria for Substantially Different Development	
(a) involves a new use; or	Complies The application which is requested to be changed was a Combined ROL of residential zoned land and RAA. The intended use for the site, being a dwelling house. The proposed variation is for the construction of a Dwelling on the site involving retaining walls not approved as part of the ROL.
(b) results in the application applying to a new parcel of land; or	Complies No new land parcels created or included in the development.
(c) dramatically changes the built form in terms of scale, bulk and appearance; or	Complies The proposed development is for a site-specific amendment which does not change or alter the scale of the overarching development approval.
(d) changes the ability of the proposed development to operate as intended; or	Complies The proposed change does not impact on the intended function of the site.
(e) removes a component that is integral to the operation of the development; or	Complies No removal of any integral components of the development i.e. conditioned rehab or earthworks.
(f) significantly impacts on traffic flow and the transport network, such as increasing traffic to the site; or	Complies The proposed development is for a dwelling, no impact on traffic flows.
(g) introduces new impacts or increase the severity of known impacts; or	Complies The proposal does not result in new impacts or increase the severity of any issues which have already been assessed.
(h) removes an incentive or offset component that would have balanced a negative impact of the development; or	Complies Proposed development has no impact on rehab works.
(i) impacts on infrastructure provisions.	Complies No impact on any provision of public infrastructure

In summary the proposed development is believed to be suitable for a Minor Change as it does not result in substantially different development, or development which would be considered an "other" change. The inclusion of the proposed dwelling on the site has no impact on the intended use of the site or result in a conflict with the conditions of the original dwelling and its previous approval.

We have attached the following documents in support of the proposed amendment:

- DA form 5
- Owner Consent.
- Proposed Building Plans.
- Most recent Application as it relates to the subject lot.

I look forward to hearing from you at your earliest convenience. Should you have any further enquiries please contact us on 07 3707 6675.

Yours sincerely,

Blair McPherson
Town Planner
