Application type:	Combined Application
Location:	Lot 58 SP191940, Lot 57 SP214370, Lot 183 RP156422

Submission date:	8/07/2025
Response type:	Submission – Objection
Response summary:	--- OBJECT --- My Grounds are that the council should do better. Didn't you learn the first time round when everyone came together to stop the reserve road development. We don't need this here, let alone 73 more townhouses, and now that the other 181 homes across the road supposedly got approved under everyone's noses that's way too many people in one area. We don't have the infrastructure. Do better and listen to your community rather than letting investors take the advantage.
