PETITION TO COUNCIL OF THE CITY OF GOLD COAST

Thank you for taking the time to consider our petition. We are residents of the Upper Coomera Area under Division 3 – Donna Gates and in the Coomera Electorate of Mr. Michael Crandon and Mr. Mark Boothman.

We, the undersigned respectfully petition the Council of the City of Gold Coast to:

To make a stop to proposed development **COM/2024/53** and any proposed developments in the Upper Coomera, Reserve Road Area:

We want to address the issue of the proposed development, COM/2024/53, a combined application that involves Lots 35-38 (on SP208828) and Lot 701 (on SP259694) at Reserve Road and Tian Crescent Upper Coomera (5 lots). They have proposed to build 181 townhouses involving extensive vegetation clearing, transformations to ground levels, and waterway barrier works.

We **object to this proposed development and do not support it commencing. We would gratefully appreciate the area being utilised for environmental conservation, a wildlife corridor, or there be significant reductions in the number of houses proposed.**

The bushland surrounding Reserve Road is a wildlife corridor for native species and a zonation for koala habitats. This development will interfere with koala habitats, where translocation is required. There have already been copious amounts of wildlife displacement within the area including the current 'Valley' development at the end of Rangeview Street and the 'Bailey's Reserve' development on Baileys Mountain Road.

As a community we are beyond concerned about the natural environment of the area and the amount of stress it is currently under. We are also disappointed by the lack of consideration for approval by the local Indigenous communities and the alarming amount of old-growth Ghost gums that have been demolished, which serve as critical habitats for our endangered koalas (Coomera koalas).

As a total of 279 homes are expected to be developed within the coming months/years, this will bring an influx of residents, which in turn affects road networks and creates more unnecessary traffic. *(If this development were to go ahead that is a total of 460 more homes and hence 500+ people within 1km proximity)*

This section of Upper Coomera is not equipped or suited for this quantity of residents and does not have the room nor handling capacity to improve our road networks within this specific area. Thus, this development will bring additional traffic to an already over-populated, congested suburb.

We believe that this development is unconscionable and will take another dramatic toll on our current natural environment and cause major disruptions to main roads. Please consider how this is causing distress within our community and that we cannot bare to watch another beautiful area be destroyed for housing needs.

Emma Boyd, 10 Balonne Court Upper Coomera.
