

Submission to Development application:

Application number:	COM/2025/157
Application type:	Combined Application
Location:	Lot 2 RP86756

Submission date:	5/09/2025
Response type:	Submission - Objection
Response summary:	--- OBJECT --- My Grounds are building height to high for the surrounding neighbourhood. Height will degrade sunlight, air flow, noise, views and psychological peace of mind of the surrounding low building height neighbourhood. Additional traffic and parking at the bottom of a steep hill directly in front of two intersections will have a negative affect on pedestrian and vehicle safety. Not to mention ruining the quality of life of the residents in the one story houses on either side of this proposed nine story monolith!
