Information notes*Information notes to assist applicants in completing material change of use and reconfiguring a lot forms***Development infrastructure**

Where relevant to the provision of new or the upgrading of trunk or proposed trunk infrastructure, a report must ensure the following is clearly identified;

- the type of infrastructure proposed (that is necessary trunk, additional trunk, and/or non-trunk proposed to become trunk infrastructure) and whether it is included in *Gold Coast City Council's Local Government Infrastructure Plan*
- an estimate of the establishment costs to deliver the infrastructure calculated in accordance with Statutory Guideline Ministers Guidelines and Rules 03/14 *Local Government Infrastructure Plan* and *Gold Coast City Council's Local Government Infrastructure Plan*

Guide to owners consent requirements

Refer to the *Planning Act 2016* for full requirements. Listed below are other requirements. An application is properly made if the mandatory requirements part of the approved form is correctly completed.

Property ownership

Owner's consent is a mandatory requirement of the *Planning Act 2016*. The terms of "owner" of land and "land" are defined in Schedule 2 of the *Planning Act 2016*.

If the application is over a number of lots, the owner/s of all lots of the subject of the application must consent to making of the application.

If there are multiple owners of a single lot, the consent of each owner of the lot is required (for example, four persons owning one lot requires a signature from each of the four owners).

Corporation/company - where the owner is identified as a corporation, the following is required:

- the ACN number accompanied with one of the three below:
- the names, titles and signatures of two (2) directors of the company
- the name, title and signature of a director and the company secretary
- where the company has only one (1) director, the name and signature of that director in conjunction with written indication that the company has only one (1) director (that is, sole director)

Body Corporate - where the owner is identified as a body corporate, the following is required:

- Body corporate seal and.
- Body corporate resolution consenting to the proposal (that is, minutes of meeting where proposal was adopted) and,
- two (2) signatures, one of which must be the chairperson

Or

- Body corporate seal and.
- a letter of consent signed by the chairperson and secretary

Or

- signed letter of consent from each lot owner covered by the body corporate

Other ownership arrangements - if the land is:

- leased – the lessors of the land must give owner's consent
- dedicated parkland – the owner or the trustee, within the terms of the trust or reserve, must give owner's consent

DA Form 1 – Development application details

Approved form (version 1.0 effective 3 July 2017) made under section 282 of the Planning Act 2016.

This form **must** be used to make a development application **involving code assessment or impact assessment**, except when applying for development involving building work.

For a development application involving **building work only**, use *DA Form 2 – Building work details*.

For a development application involving **building work associated with any other type of assessable development**, use this form (*DA Form 1*) **and** parts 4 to 6 of *DA Form 2 – Building work details*.

Unless stated otherwise, all parts of this form **must** be completed in full and all required supporting information **must** accompany the development application.

One or more additional pages may be attached as a schedule to this development application if there is insufficient space on the form to include all the necessary information.

This form and any other form relevant to the development application must be used to make a development application relating to strategic port land and Brisbane core port land under the *Transport Infrastructure Act 1994*, and airport land under the *Airport Assets (Restructuring and Disposal) Act 2008*. For the purpose of assessing a development application relating to strategic port land and Brisbane core port land, any reference to a planning scheme is taken to mean a land use plan for the strategic port land, Brisbane port land use plan for Brisbane core port land, or a land use plan for airport land.

Note: All terms used in this form have the meaning given under the *Planning Act 2016*, the *Planning Regulation 2017*, or the *Development Assessment Rules (DA Rules)*.

IMPERVIOUS AREA CALCULATION (applicable only to non residential and mixed use developments)

Impervious area	Advise the total impervious area for this development below. Note: Mixed use developments will be charged at the non-residential stormwater rate for all proposed impervious areas unless it can be shown by the applicant that specific impervious areas are for exclusive residential use only.						
	Total impervious area (A)		Total exclusive residential impervious area (B)		Net total impervious area (A – B = C)		Rate per impervious m ²
Proposed	m ²	–	m ²	=	m ²		\$10.10
Existing	m ²	–	m ²	=	m ²		

Calculation example

Note

Mixed use developments will be charged at the non-residential stormwater rate for all proposed impervious areas unless it can be shown by the applicant that specific impervious areas are for exclusive residential use only

Total roofed area			Total vehicle surfaces (road, parking, driveway, etc)		Total other impervious areas (including (pool, pool surrounds, pavers etc)			
360 + 525 = 885mPP ²	(A)	+	1000mPP ²	(A)	+	700mPP ²	(A)	-
Total exclusive residential impervious areas			Net total impervious area (Sum of A) - B = C			Rate per impervious mPP ²		
360 + 700 = 1,060mPP ² P	=		1,525mPP ² PP(C)			\$10.10		

Notes for filling out this form	
Use of this form	Use this form to provide Council with details of a development application to assist Council in the calculation of infrastructure charges.
Rate adjustments in areas not fully serviced by Gold Coast Water	All charge rates are based on areas fully serviced by Gold Coast Water. In areas not planned to be fully serviced by Gold Coast Water, rate adjustments will apply. Areas in the City's local government area which are not planned to be serviced by water supply or wastewater are identified in clause 8.3 (water supply service area) and clause 9.3 (wastewater service area) of the Council's Local Government Infrastructure Plan (LGIP). In these areas, the assessable demand rate will be reduced by Gold Coast Water's water supply or wastewater component of the charge depending on which service is not planned to be provided. If the development is in an area: - not planned to be serviced by water supply, the assessable demand rate will be reduced by 10.9% - not planned to be serviced by wastewater, the assessable demand rate will be reduced by 33.6%.
Charging categories	Use the column "City Plan use definitions" or "2003 Scheme use definitions" (as applicable) on the right of each page to determine the appropriate charging category.
Common areas	At Council's absolute discretion, if it can be clearly demonstrated that specific common areas apply to only one charging category then charges for that common area will be determined on the charge rates for that charging category. If a development includes an area which is common to two or more charging categories and no clear breakdown of these common areas attributable to a particular charging category is provided, the assessable demand for the common area will be based on the charging category with the highest charge rate.
Credits for existing lawfully established use	Credits will be provided in accordance with section 3 (credits) of the City's charges resolution. Enter the number of existing dwellings/units or the gross floor area of any existing use against the appropriate charging category. Use the "included land use" column on the right as a guide to determine the appropriate charging category to use. Evidence of the prior lawfully established use must be provided.
Gross floor area (GFA)	Means the total floor area of all storeys of a building (measured from the outside of the external walls or the centre of a common wall), other than areas used for the following: - building services, plant and equipment - access between levels - ground floor public lobby - a mall - the parking, loading and manoeuvring of motor vehicles - unenclosed private balconies whether roofed or not.
Not-for-profit organisations	If you are a not-for-profit community group, you may be entitled to a rebate on the charges you must pay. You will need to fill out the "Application for infrastructure offset agreement, infrastructure payment deferral or not-for-profit rebate request" form contained in your application kit. Please note that assessment of "not-for-profit" applications will not be conducted by the City when assessing infrastructure charges.
Exemption under section 5 of the charges resolution	Section 5 of the charges resolution details exemptions that may be available. If an exemption is sought, please attach relevant evidence.
