Justification for change*(Please provide reasoning)***Details of the request**

Please provide any relevant history of the application

The applicant has recently lodged a minor change application to the existing combined Stage 1 ROL and Operational Works – Change to Ground Level approval (Council Ref: MIN/2019/761) which altered the levels of approved Lots 121 and 122. These lots were previously set at the same level but have now been altered to provide a “split” level finish.

In adjusting these lot levels the need to service Lot 121 via inter allotment drainage (gravity sewer and stormwater) through an easement along the eastern boundary of Lot 122 is no longer required as the new lot level for Lot 121 achieved a daylight point to Homestead Drive in the north-east corner of the lot. Based on this the stormwater drainage and gravity sewer networks have been updated to reflect the ability to service Lot 121 via a direct connection to Homestead Drive as opposed to via inter allotment drainage.
